Connect with the
Bay Area Air District:

November 25, 2019

Ms. Elisabeth Adams
Director, Air Division
United States Environmental Protection Agency Region 9
75 Hawthorne Street
San Francisco, CA 94105

Dear Ms. Adams:

The District has made a preliminary decision to issue the renewal Major Facility Review Permit for the facility listed below, but the final decision to issue the permit will consider any public and/or EPA comments on the proposed permit. The public comment period for the proposed renewal permit ended on May 15, 2019.

Application Number	Facility Number	Facility Name	Address	Type of Operation
28289	A0017	Lehigh Southwest Cement Company	24001 Stevens Creek Blvd Cupertino, CA 95014	Portland Cement Manufacturing
(Formerly Hanson Permanente Cement Company)				

The District has considered all public comments and made changes to the permit deemed necessary in response to those comments. Lehigh commented on the Compliance Assurance Monitoring (CAM) opacity monitor requirement for SIP Regulation 6-301 – "Ringelmann No. 1 Limitation". The District response to comments, the proposed permit, and the statement of basis are hereby provided to initiate the EPA 45-day review period.

The District response to comments, the proposed permit, and the statement of basis can be viewed on the BAAQMD website at: <http://www.baaqmd.gov/permits/major-facility-review-title-v/title-v-permits>. We will also post the documents on the EPA Central Data Exchange. If you have any questions regarding this project, please call Dennis Jang, Supervising Air Quality Engineer, at (415) 749-4707.

Very truly yours,

Signed by Damian Breen for Jack P. Broadbent
